DETAILED ACTION

Continued Examination

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 31-33 & 64-65 are rejected under 35 U.S.C. 102(b) as being anticipated by Govatsos (US 3,391,827).

With respect to claims 31 & 64, Govatsos discloses a casing (indicated generally as 1 in FIG. 1) having an opening 5, plurality of moveable retaining elements 33d, 33a moveable between a storage position (FIG. 9) and a load/unload position (FIG. 10), and floating plate 68, 81 pushing objects against said retaining elements.

With respect to claim 32, 33, Govatsos discloses a first and second C-shaped channel members (FIG. 12), and a floating plate 81 adjacent to a first C-shaped channel members.

Art Unit: 3652

With respect to claim 65, Govatsos discloses a quick release lock assembly 23, 23b.

Allowable Subject Matter

Claims 25-30 are allowed over the prior art of record.

Claims 34, 66-73 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments/amendments filed September 6, 2006 have been fully considered and are not persuasive. Applicant's amendments with respect to claims 31-33 & 64-65 have been considered but are moot in view of the new ground(s) of rejection.
